

Small Population Count Funding Augmentation Program  
Frequently Asked Questions (FAQ)

**1. What is the suggested format for an annual evaluation report?**

First 5 California recommends local evaluation reports include a narrative description of program goals, intervention strategies, number of people served, expected outcome, evaluation methods, and the actual outcome achieved. It also is helpful to indicate the dollar amount invested in each program or strategy.

**2. Could you provide an example of a local evaluation report that meets First 5 California standards?**

Below are some useful examples of First 5 county commission evaluation reports:
